

Metropol

Information

Metropol is a revival attempt of the original by Aldo Novarese (1966), based on images of old type specimens taken by Nick Sherman. Metropol was originally released by Nebiolo type foundry in two styles: Nera Compatta (Black Condensed) and Ultra-Nero (Ultra Black). This digitization is based on the latter as an interpretation of the Black Condensed is already available. Metropol's bold and confident presence make it suitable to use for posters and headlines.
